IN THE CIRCUIT COURT OF PRINCE WILLIAM COUNTY

v.)	Chancery No. 53360

WESLEY C. SMITH,)

Defendant.)	

PRAECIPE

Due to Juge Alson refusing to even hear the Defendants **Petition for Rehearing**, continuing his blatant bias in favor of mothers and disregard of Constitutional Rights, State Law, and the Bests Interests of the Child, refusing to allow the Defendant access to evidence or to present evidence in court, and continuing to run the court as a Kanagroo Court instead of a court of law, there does not appear to be any reason to have him rule on the remaining motions.

Judge Alston seems quite content to leave our son Liam in the sole care of a mother who has mood disorders including uncontrollable rage, and deny Liam access to his father whom he loves and who has always taken good care of Liam. Juge Alston (and other Judges) ignore all laws, evidence, and procedures that if followed would have him change the situation. The Defendant might as well be a African American trying to get justice with a member of the Ku Klux Klan as the judge, as such, **THE CLERK** will kindly remove all other motions from this Court’s docket, for Friday, January 28, 2004.
